Join Our Mission:

Sponsor An Orphan

Sponsoring an orphan through Life Builders provides them with basic provisions such as food, shelter, clothing and education. Visit our website to view our current orphans in need of sponsorship.

Donate

Donating to one of our many ongoing projects is the easiest way to get involved! You can select which project to donate toward or we will distribute it between the greatest needs of the ministry. All donations are tax deductible. Scan the QR code to access the NCF donation page.

LifeBuilders
Ministries International

Giving Hope To God's Most Vulnerable Children.

The Founders:

Dr. Emmanuel & Blessing Oluwayemi

Life Builders Ministries International is an indigenous, faith-based organization that is called to respond to human needs in a holistic way so to empower orphans and widows to rise amidst the challenges of life with self worth and dignity. Founded in 2001 by Pastor Emmanuel Oluwayemi and his wife, Blessing, in Lagos, Nigeria, Life Builders has a successful track record. To date, our ministry has helped over 100 poverty-stricken families receive low-income housing, 85 widows and program graduates have benefitted from the Small Business Loan program, and over 140 orphans and vulnerable children are receiving sponsorship through the home-based orphan sponsorship program with potential to grow. Additionally, we built Life Builders Hospital which serves a local community of 35,000 people who would otherwise be without healthcare. Life Builders Academy now features a boarding school and current enrollment exceeds 200 students from Kindergarten through 12th grade. We envision a truly transformed Nigerian society free of poverty where all orphans and widows receive holistic care and become important contributing members of society.

Our Mission:

We address poverty by caring for widows and orphans through the provision of education and healthcare.

Our Vision:

We envision a truly transformed Nigerian society free of poverty where all orphans and widows receive holistic care and become important contributing members of society.
