ABOUT LIFE BUILDERS

The Mission of Life Builders Ministries International is to give life and hope to the most vulnerable children by providing Christ centered education and spiritual nurturing.

We address poverty by caring for widows and orphans through the provision of education and healthcare. We envision a truly transformed Nigerian society free of poverty where all orphans and widows receive holistic care and become important contributing members of society.

Life Builders Ministries International has a track record of providing holistic care for orphans and widows for 17 years. With your help we have raised hundreds of orphans and vulnerable children who are now responsible adults serving their communities. Some are lawyers, Engineers, Pastors, Nurses, Teachers, Pharmacy Technicians, Business Owners, Computer Engineers, etc.

THE PROBLEM

According to a UN report, the Gboko Haram Jihadist (which means western education is evil) Terrorist Organization has killed more than **three million people** in Nigeria alone in the last 10 years. Christians in the northern part of Nigeria have suffered more than any other part of Africa, with women and children being the main victims. Right now there are **over fifty thousand children** who are on the verge of being forced into becoming Islamic Jihadists. These children witnessed their parents being murdered by these terrorists because they refused to renounce their faith in Christ! Now, the children have **no one** to care for them. They are vulnerable to Islamic conversion!

LIFE BUILDERS RESCUE MISSION

Our **MISSION** is to save as many orphans as the Lord would help us from the scourge of Gboko Haram Jihadists in Nigeria. Many are being forced into the Islamic religion through forced marriages and into child soldiers.

We can rescue them and provide them with physical, mental and spiritual nourishment and care. We need your help!

Please Join

LIFE BUILDERS MINISTRIES INTERNATIONAL

America Bringing Hope to Vulnerable Children in Nigeria

Sunday, April 21, 2024

3:00 – 5:00 PM

466 Sunrise Avenue

Lake Bluff, Illinois 60044

Please RSVP by April 14 to: marshall.reavis@outlook.com

or call Marshall @ (847) 980-7704

or return the enclosed RSVP card

Building of our Life Builders Hostel is underway, with roofing completed and interior works progressing. The ten children we have rescued from the North are thriving in our care, though some face academic challenges due to their disrupted education. Our **MISSION** is to create a comfortable and safe environment for 90 additional children we plan to rescue from the clutches of Boko Haram Jihadists. We ask for your prayers for additional sponsors to join our mission of providing a brighter future for these vulnerable children.
